

JN Bentley's Top 40 Material Suppliers Awards 2008

Thank you!

Your outstanding performance on material orders with JN Bentley during 2008 has ranked you among our top 40 suppliers. We believe that our supply chain is critical to our success as a company and therefore it is important to recognise high levels of performance.

Measurement is undertaken at both site level and from our buying team for every order placed and covers the following areas:

- Quality of product/workmanship
- Communication and level of service provided
- Quality of delivery
- Timeliness of delivery and adherence to programme
- Attention to Health & Safety issues
- Pre-order communication/level of services
- Post-order communication/level of services
- Quality of quotations
- Response to tender enquiry
- Response to contract enquiry
- Invoicing/Application for payment
- Changes to order
- Innovation/Design ideas
- Logistics
